

End of Me (300mph Remix) [feat. Gavin Rossdale]

Apocalyptica

Rosaries left under the mattress of those memories who could bear the witness
As you slip into oblivion, use it like a weapon
Am I left to bleed waiting for the moment when you've had your fun
A loaded gun Take away your broken misery, I can't always erase your memory
This love, this love is gonna be the end of me
Everything I gave is wasted, I'm the one who suffocated
This love, this love is gonna be the end of Can't resist poisoning the message
Just a narcissist trapped inside the wreckage
And the sympathy I had is gone deadened by the ceremony
Drama queen stand behind your empire as your kingdom falls all because Take away your broken misery, I can't
always erase your memory
This love, this love is gonna be the end of me.
Everything I gave is wasted, I'm the one who suffocated
This love, this love is gonna be the end of ME Your rescue, my undo
I'm not the one to save you
I'm empty completely
I'm drowning in your shadow Take away your broken misery, I can't always erase your memory
This love, this love is gonna be the end of me.
Everything I gave is wasted, I'm the one who suffocated
This love, this love is gonna be the end of I can't chase away your ghost, inside it only grows
Nothing left but misery
This will be the end of me
All the shit that you created, all the scars you celebrated
Couldn't take away the pain
Couldn't resurrect your name
This love will be the end of me, this love will be the end.
