

Favorite Record (Aaron Buckley Remix)

Fall Out Boy

Do you do, do you remember
When we drove, we drove, drove through the night
And we danced, we danced
To Rancid, and we danced, we danced And I confessed, confessed to you
Riding shotgun underneath the purple skies
And we danced, we danced
With windows down, and we danced, we danced You were the song stuck in my head
Every song I've ever loved
Played again and again and again
And you can get what you want but it's never enough
And I'll spin for you like your favorite records used to
And I'll spin for you like your favorite records used to And I can't, I can't, I can't remember
Just how to forget, forget the way
That we danced, we danced
To Danzig, and we danced, we danced And when you asked, you asked me how I'm doing
Like you know, you know how much better off I am
And when we danced, we danced
With windows down, and we danced, we danced You were the song stuck in my head
Every song I've ever loved
Played again and again and again
And you can get what you want but it's never enough
And I'll spin for you like your favorite records used to
And I'll spin for you like your favorite records used to I'll spin, I'll spin, I'll spin, I'll spin
For you, for you, for you, for you, for you
