# Only A Day

## Goldfinger

As I look out outside
I can see the rain about to start
The air is damp but warm
Okay, all I remember how you used to feelAnd I see your face
My cold reflection scares me at this hour
How I wish I could sleep
If only I could slow my mind a bitThen when I see you I forget the pain
And melt away with you
Only a day is passed and
I can't help but feel that I've lost youYour room confines my thoughts
And then my worries drift when I'm with you
But I don't want to live
I never know just when we'll meet againThen when I see you I forget the pain
And melt away with you
Only a day is passed and
I can't help but feel that I've lost youWhat is it that feeds this
Haven't I learned enough from yesterday
I really don't need this
Haven't I had enough of this todayThen I sit at home
My walls reflect how my life is so bleak
And I feel so alone
I break down and call you 'coz I'm weakIf I can see what you are
If I could blow away my clouded sight
Realize you made me a fool
If I mean nothing what else can I sayThen when I see you I forget the pain
And melt away with you
Only a day is passed and
I can't help but feel that I've lost youI've lost you
I've lost you
I've lost you
