

# These Days

Ayo

I know I should be more grateful  
Grateful for everything I have  
And I know I should be less doubtful  
But unfortunately I am just human I'm in a big hole surrounded by fear  
I'm in a deep dark hole, deep enough for me to disappear  
But where should I go if earths the only place I know  
All I know is I don't want this anymore  
Living a life without knowing what it is that Im searching for There were days where I would love to be  
somebody else  
Days where I am fighting myself  
There were days where I wish I could be a child again  
And sometimes days where I wish they wouldn't last  
Days where I wish I would be dead Step back, stay away from me  
Can't you respect that I only need my peace  
These days I'm too weak to see  
These days are all about me I don't want to talk things out  
Cause there were certain things we don't need to talk about  
The silence in between will let you know what I mean  
Each time I try to escape I pray to God not to let me fail  
And to take my doubts away There were days where I would love to be somebody else  
Days where I am fighting myself  
There were days where I wish I could be a child again  
And sometimes days where I wish they wouldn't last  
Days where I wish I would be dead
