Out From Under

[Ali Campbell](#)

Breathe you out, breathe you in
You keep coming back to tell me you're the one who could have been
And my eyes see all so clearly, it was long ago and far away but it never disappeared
I tried to put it in the past
Hold on to myself and don't look back
I don't wanna dream about all the things that never were
Baby, I can live without and I'm out from under
I don't wanna feel the pain, what good would it do me now?
Get it all figured out
And I'm out from underSo let me go, just let me fly away
Let me feel the space between us grow deeper and darker every day
Watch me now, and now someone knew your heart will be unbroken
It will open up for everyone to choose
Even when I cross the line, it's like a lie I told a thousand times
I don't wanna dream about all the things that never were
Baby, I can live without and I'm out from under
I don't wanna feel the pain, what good would it do me now?
Get it all figured
And I'm out from underPart of me still believes when you say you gonna stick around
And part of me still believes we can find a way to work it out
But I know that we tried everything we could try
So let's just say goodbye forever
I don't wanna dream about all the things that never were
Baby, I can live without and I'm out from under
I don't wanna feel the pain, what good would it do me now?
Get it all figured out
And I'm out from under
I don't wanna dream about, all the things that never were
Baby, I can live without and I'm out from under
I don't wanna feel the pain, what good would it do me now?
Get it all figured out
And I'm out from under
