

# Light Up the Sky

## Yellowcard

You're making a choice to live like this  
And all of the noise, I am silence We already know how it ends tonight  
You run in the dark through a fire fight  
And I would explode just to save your life  
Yeah, I would explode Let me light up the sky  
Light it up for you  
Let me tell you why  
I would die for you  
Let me light up the sky I can't find a wall to pin this to  
They're all coming down since I've found you I just wanna be where you are tonight  
I run in the dark looking for some light  
And how will we know if we just don't try?  
We won't ever know Let me light up the sky  
Light it up for you  
Let me tell you why  
I would die for you Let me light up the sky  
Light it up for you  
Let me make this mine  
I'll ignite for you Let me light up the sky just for you tonight  
Let me help you fly cause you won't have time  
To cover your eyes or get your disguise  
They won't ask you why, they'll just watch you die And it's still so hard to be who you are  
So you play this part and the show goes on  
But you've come this far with a broken heart  
Yeah, you've come this far and you're broken Let me light up the sky  
Light it up for you  
Let me tell you why  
I would die for you Let me light up the sky  
Light it up for you  
Let me make this mine  
I'll ignite for you  
I'll ignite for you Let me light up the sky  
Light it up for you  
Let me tell you why  
I would die for you And it's still so hard to be who you are  
But you've come this far with a broken heart  
And it's still so hard to be who you are  
But you've come this far and you're broken Light up the sky  
Let me light up the sky
