

Top of the World

Manafest

To be on the top of the world
To be on the top of the world

The stores are open people buying, people trying climbing
To get to the top of the world,
In this modern day war and it's simple Simon
I'm paying my bills
She's taking some pills
He's drunk and behind the wheel
Actors acting, rappers rapping
Trapped in a drug of a deal
Homeless are looking for meals
The thief is still looking to steal
You chasing the money

Chasing you're praying for marriage, romancing your honey
I'm searching but where does it end,
I'm leaning on calling on a friend
I'm running, and running, for someone,
To lend me a hand or to help me ascend

To be on top of the world
Gotcha, gotcha ye girl
Its whatcha you wanted whatcha you want
It's what you're living for

To be on top of the world
Gotcha, gotcha ye girl
Its whatcha you wanted whatcha you want
It's what you're living for

Hey, Hey, gotta believe in something
Hey, Hey, you gotta climb to the top of the world,
Hey, gotta believe in something
Show you the way, every day is a mission to be
On top of the world

Its 9 o'clock right on the dot
And you'll be here to 5
Armies are marching on the fields
We pray they all survive

Peace on earth to all men,
The stars they shine from heaven
Itâ€™s whatcha you want, itâ€™s what you want,
Itâ€™s what weâ€™re living for
A boy and girl they hold hands,
I hope it lasts forever
Itâ€™s never enough to find one that you love
And not just seeking for self to pleasure
What is this mountain you climb?
Is it for peace or for pride?
The prize, the goals,
the thoughts inside our motives come alive

To be on top of the world
Gotcha, gotcha ye girl
Its whatcha you wanted whatcha you want
Itâ€™s what youâ€™re living for

To be on top of the world
Gotcha, gotcha ye girl
Its whatcha you wanted whatcha you want
Itâ€™s what youâ€™re living for

Hey, Hey, gotta believe in something
Hey, Hey, you gotta climb to the top of the world,
Hey, gotta believe in something
Show you the way, every day is a mission to be
On top of the world

Left, right, left, right, step into the lime light
Get into your car drive, everything is alright
Itâ€™s alright, alright, everything is alright
Live like itâ€™s your last night, (LIVE LIKE ITS YOUR LAST NIGHT)

I wanna live forever,
While storing up some treasures
I wanna go to heaven
And never be abandoned
Iâ€™m spending my time now renewing my mind
To the truth I climb so high
I find and apply to my life the joy I will lift up my eyes

To be on top of the world
Gotcha, gotcha ye girl
Its whatcha you wanted whatcha you want

Itâ€™s what youâ€™re living for

To be on top of the world

Gotcha, gotcha ye girl

Its whatcha you wanted whatcha you want

Itâ€™s what youâ€™re living for

Hey, Hey, to be on top of the world

Hey, Hey,

To be on top of the world

On top of the world
