

Hermit the Frog

Marina and The Diamonds

Yeah, I feel I'm watered down
Whenever he's around
I put on the crown of clowns
And melt slowly to the ground
Yeah, I feel it coming on
When I've been static for too long
And an explosion comes in time
Before I go and cross the line
They say you used to be so kind
I never knew you had such a dirty mind
Well, I, I went to the doctors believing
The devil had control over me and
I was finding it hard to breath and
Finding it hard to fight the feeling
Well, my heart just burst like a glass balloon
I let it fly too high and it shattered too soon
I was the wrong damn girl in the wrong damn room
I broke my glass balloon, I let go off my glass balloon
They call him Hermit the Frog
He's looking for a dog
Did you find your bitch in me?
Oh, you're abominable socially
You're just a little bit too much like me
She said she used to be so kind
Well, baby, I give you your dirty mind
Well, I, I wanna tell you a secret
You can take your double standard love and keep it
I can't help the devil likes to make my heart a double bed
And I can't help, he sometimes like to come and rest his little head
Well, my heart just burst like a glass balloon
I let it fly too high and it shattered too soon
I was the wrong damn girl in the wrong damn room
I broke my glass balloon, I let go off my glass balloon
Oh, my heart just burst like a glass balloon
We let them fly too high and they shattered too soon
Now we're the wrong damn people in the wrong damn room
We broke my glass balloon, we let go off my glass balloon
We broke our glass balloon
Let go off my glass balloon
