

Go All the Way (Into the Twilight)

Perry Farrell

Everyday, everyday, everyday, everyday
Everyday we're going all the way
We're going all the way
We're going all the way Everyday, everyday, everyday
We're going all the way
Everyday, everyday, everyday
We're going all the way
Tonight, lightning strikes
Let's go into twilight First time I saw you
(When we first met)
I had the fever
(As bad as it gets) You let me see
(A flash of my thighs)
It was so smooth
Sparkle and shine and it shined La, la, la, la, la, la, la, la, la
La, la, la, la, la
Tonight lightning strikes
Let's go into twilight You asked me out on many dates
And took me to exotic places
You saw the look upon your face
You men must really love the chases I'm going to let you have it
Like you've never had before
So take me, take me, take me Tonight lightning strikes
Let's go into twilight You are away with me, no other way
You are away with me, no other way
You are away with me, no other way
You are away with me, no other way You are away with me, no other way
You are away with me, no other way
You are away with me, no other way Everyday, everyday, everyday
Everyday we're going all the way
