Secret 77

Bad Brains

Secret. Secret 77, another lesson in life secret 77.
To their surprise with time to thrive Mr. Rhythm cut the jive.
And to their belief under your wheel brother vibe dare not steal.
He that oppress reproach his maker.
He that honor him have mercy on the poor.
Secret 77, another blessing to share.
Secret 77. Invisible to you and me.
No you just cannot see.
For now it's time you've got to nab it,
one-hundred in one, like inspector gadget.
You will always find at sunrise on the way to meet your boss.
He that oppress reproach his maker.
He that honor him have mercy on the poor.
Secret 77. Doesn't have but one true friend to share his life unto the end.
And now a big surprise we can thrive and stay alive. Secret 77.
