

Mind and Purpose

Snog

I hear the rumble of this town and I know it brings me down
I hear the voice of this place and I tell you it brings me down
I hear that whisper you're shouting and of course it brings me down
I hear that rumor you're spreading and it's true it brings me down When you have a mind and a purpose
The armies of ignorance try to usurp us
When you stand alone and undistracted
The hate is no longer abstracted, no No, no, no, no, no
No, no, no I see the fear in the faces but I never hear a sound
I see the screams in the background but I never hear a sound
I know that whisper you're shouting and of course it brings me down
I know that rumor you're spreading
And it makes me feel like starting Armageddon When you have a mind and a purpose
The armies of ignorance try to usurp us
When you stand alone and undistracted
The hate is no longer abstracted, no No, no, no, no, no
No, no, no No, no, no, no, no, no, no
No, no, no, no, no, no, no
No, no, no, no, no, no, no
