

# Progress

## Neurosis

How much truth can you take?  
Lies so pure  
Hidden eyes, victimized too secure  
Ch.  
You live your lies to suicide  
Content from fear  
Beaten down and kept in line  
Commit to sin  
Programmed mind, self-confined wall closed in  
Ch.  
Greed controls our lives  
Money kills  
Taught to think and act and lie  
Break the will.
