

# Kody

## Matchbox Twenty

Kody sat down on the avenue  
He tapped his feet, to the humming of the highway  
He watched the light shine down on the broken glass and thought  
I don't got no reasons, yet  
There it is and there it was  
It was clear to all of us  
We kept this hat of broken dreams  
And we pulled them out, when we needed them around So please hand me the bottle, I think I'm lonely now  
And please give me direction, I think the hurt set in  
I just caved in  
And I don't feel nothing There's a squeak hinge down on the back gate  
It lets us know if he comes around  
I don't sleep that good anyway  
If you've never heard the silence, it's a God awful sound So please hand me the bottle, I think I'm lonely now  
And please give me direction, I think the hurt set in  
And I don't feel nothing I don't feel nothing, no I don't feel nothing  
There's nothing to feel good about here Don't much get down to the avenue  
I could drive, but it takes so much to get there  
Don't get off on all the broken glass,  
The Cadillac scene, well  
I've seen a lot of good things die and I'm  
In an over emotional way So please hand me the bottle, I think I'm lonely now  
And please give me direction, I think the hurt set in  
So please hand me the bottle, I think I'm lonely now  
I'm lonely now, I'm lonely now  
I'm lonely now, I'm lonely now  
And please give me direction, I think I just caved  
But it ain't nothing
