Mirror Mirror

Diamond Rio

Mirror, mirror, on my wall Tell me, who is the loneliest fool of all Now, wait a minute, I believe I see The answer staring back at meSpent most of the morning laying in bed Lunch was a black coffee and three cigarettes They say it will kill me but I've got a hunch That this broken heart's gonna beat 'em to the punchOh mirror, mirror, on my wall Tell me, who is the loneliest fool of all Now, wait a minute, I believe I see The answer staring back at meYes, I'm the one who swore she would stay Right up to the moment the u-haul drove away She didn't leave a table, she didn't leave a chair But she knew what she was doing when she left you hanging thereOh mirror, mirror, on my wall Tell me, who is the loneliest fool of all Now, wait a minute, I believe I see The answer staring back at me Now, wait a minute, I believe I see
