Lost Again

The Honeydogs

Lost and then found oh I know you are around,
I can't help but to look in the clouds,
If I had to guess as to where you would be,
it's looking out on over me,
I never thought that moment would come
when I'd have to look out my window alone,
now I'm watching the stars and still hoping to see
the day when you will come back to me,
[CHORUS] And everything that you thought was fine
has turned its back into more than time,

You said to me that its all allright,
you can't find yourself today,
Lost and then found how I live for that day,
some call me crazy for thinking this way,
my life seems so empty, its rained for a while
Your eyes still glow, How I love your smile
[CHORUS]
