

Grandma Is Coming

Willa Brigham

Grandma is coming today
Grandma is coming today
I don't know how long she will stay
But Grandma is coming today

She will teach me
To ride my brand new bike
Go to the park and fly a big kite
make sugar cookies and stay up all night

Grandma's coming today

mmm we'll cook hamburgers in the backyard grill
Chase my little brother and make him squeal
Head of the top of the tallest hill
Grandma's coming today

Grandma is coming today
Grandma is coming today
I don't know how long she will stay
But Grandma is coming today.

We will go for a walk in the local park
Shoot basketballs too way after dark
Swing on the porch and watch the dogs bark
Grandma is coming today.

We will play rock music in the senior jack?.
Go to the mall and eat tamarack
Watch TV till I spout out
Grandma is coming today

Grandma is coming today
Grandma is coming today
I don't know how long she will stay
But Grandma's coming today.

We will ride her Harley Davison to the library
Look at different words in the dictionary
Find shooting stars at the planetarium

Grandma is coming today

Grandma is coming today

Grandma is coming today

I don't know how long she will stay

But Grandma's coming today.

(Knock at the door)

Yohooo It's grandma!
