

# The Motion

Drake

It's not me and you, it's not me it's you  
You're reckless and you know it, they don't love you like I do  
Say you're moving on, well, I guess that's just the motion  
I guess that's just the motion, I guess that's just the motion  
I guess that's just the motion, I guess that's just the motion I don't have a fuck to give, I've been moving state to state

In my leather and my Timbs like it's 1998  
And my dog Chubby Chub, that's my nigga from the way  
On the east side of the city that's where everybody stay  
Seem like everybody calling cause they want me on their song  
It's like every time I touch it I could never do no wrong  
When they need a favor from your man, they don't leave you alone  
But I guess that's just the motion Then that phone doesn't ring  
When they got everything, that's the motion  
Oh-oh, I guess that's just the motion  
Oh-oh, I guess that's just the motion Yeah, looking back on it at least my pride is intact  
'Cause we said no strings attached and I still got tied up in that  
Everything that I write is either for her or about her  
So I'm with her even when I'm here without her and she know it  
The girl that I wanna save is like a danger to my health  
Try being with somebody that wanna be somebody else  
I always thought she was perfect when she was being herself  
Don't even know how to help, but I guess that's just the motion She'll probably come around  
Soon as I settle down, that's the motion  
Oh-oh, I guess that's just the motion  
Oh-oh, I guess that's just the motion  
I guess that's just the motion Nothing less and nothing more  
I hear your heart hit the floor  
(I guess that's just the motion)  
Talking to you is not enough  
I guess that's just the motion  
I guess that's just the motion  
I guess that's just the motion
