

# Children Free

## Ooklah the Moc

O Jah is my light, shall I fear no wicked  
O Jah my salvation, whom shall I fear  
No weak heart shall entah the kingdom of Jah  
False prophet no enter the kingdom of Jah, as I would say

Cause what him say, I must obey  
And all he do, carry too  
Come forth with praise everyday  
So free up the children and give thanks and praise, I Say

Free up his Children

So many are called but few are chosen  
So many are called one forty four thousand  
To enter the gates of Zion  
To enter these gates of light, as I would say

Cause what him say, I must obey  
And all he do, carry too  
Come forth with praise everyday  
So free up his children and give thanks and praise, I Say

Free up his Children

So many are called but few are chosen  
So many are called one forty four thousand  
To enter the gates of Zion  
To enter these gates of light, as I would say

Cause what him say, I must obey  
And all he do, carry too  
Go forth with praise everyday  
So free up his children and give thanks and praise, I Say

Free up his children
