Rockin Wrecker

The Adicts

Late at night hear the call
Of the danger to us all
In the dark he hangs around
In the dark he'll drag you downHe's a rockin' wrecker, he's a rocking man
He's a rockin' wrecker, he's a rocking manMan, the lifeboat don't go under
Hear him laugh hear the thunder
You can cry, you can weep
He wants to send you to the deepHe's a rockin' wrecker, he's a wrecking man
He's a wreckin' rocker, he's rocking manWreckerEnd the storm, can you save
Your body from a watery grave?
On the rocks he's hanging around
He just wants to watch you drownHe's a rockin' wrecker, he's a rocking man
He's a rockin' wrecker, he's a rocking man
He's a rockin' wrecker, he's a wrecking man
He's a wreckin' rocker, he's rocking manHe's a rockin' wrecker, he's a rocking man
He's a rockin' wrecker, he's a rocking man
He's a rockin' wrecker, he's a wrecking man
He's a wreckin' rocker, he's rocking man
