

# Over the Mountain

Bosson

I've made up my mind I've packed my bags  
Iâ€™m not returning home, until someone will give me reason to  
I lock the door and take a breath  
Iâ€™m ready to let go, I know youâ€™re somewhere out there too  
thereâ€™s only one thing for me to do and I go

Over the mountains and over the sea  
To find a heart that belongs to me  
... Anywhere in the world I go  
Anywhere till I find you  
I run through the valleys  
I run through the fields  
I'd do anything I am hard to please  
And anywhere in the world I go  
Anywhere till I find you

I fly like the wind, I donâ€™t know where my heart will  
lead the way  
I need someone to love and hold on to  
but the road is long Iâ€™ve had my doubts  
but nothing lets me down cause  
I know youâ€™re somewhere outthere too waiting for me to get to you and I go...

[CHORUS]

It doesn't matter what  
The time will tell  
Cause I will be here waiting  
For you, for you and me  
It doesn't matter what the others say  
Cause I will keep on searching  
And I go and I go and I go and I go...

[CHORUS x 2]
