Identity

Greenwheel

(Everything I wanna be)
(Disgrace to my identity)No one can hear
All that's been said
You're feeding me useless
Lines of nothingnessLet me run away
Don't keep me here
I can't stay around
I can't take this fearEverything I wanna be
Disgrace to my identity
I don't mind
I don't mindJust give me my indifference
Stop questioning my reasons
I don't mind
No, I don't mindUncomfortably clear
All is the same now
I'm adapting to this
No, I'm not afraid nowLet me run away
You can't keep me here
I won't stay around
I can't take this fearEverything I wanna be
Disgrace to my identity
I don't mind
No, I don't mindJust give me my indifference
Stop questioning my reasons
I don't mind
No, I don't mindEverything I wanna be
Disgrace to my identity
I don't mind
I don't mindJust give me my indifference
Stop questioning my reasons
I don't mind
No, I don't mindEverything I wanna be
Disgrace to my identity
I don't mind
No, I don't mindJust give me my indifference
Stop questioning my reasons
I don't mind
No, I don't mindEverything I wanna be
Disgrace to my identity
