

Future days

PETSET

If I ever were to lose you
I'd surely lose myself Everything I have found dear
I've not found by myself Try and sometimes you'll succeed
To make this man of me All my stolen missing parts
I've no need for anymore I believe
And I believe cause I can see
Our future days
Days of you and me Back when I was feeling broken
I focused on a prayer You came deep as any ocean
Did something out there hear? All the complexities and games
No one wins but somehow they're still played All the missing crooked hearts
They may die but in us they live on I believe
And I believe cause I can see
Our future days
Days of you and me When hurricanes and cyclones raged
When winds turned dirt to dust
When floods they came or tides they raised
Ever closer became us All the promises at sundown
I've meant them like the rest All the demons used to come round
I'm grateful now they've left So persistent in my ways
Hey Angel I am here to stay
No resistance, no alarms
Please, this is just too good to be gone I believe
And I believe cause I can see
Our future days
Days of you an me
You and me
Days,...
You and me
