

Out Of Love

Sway Penala

Out of love

Five o'clock on my door was a knock
And out of the blue there was you and, yeah
Immediately I heard from your mouth "I'm sorry,
Forgive me for all I've done to you"
And I was no longer bleeding internally
When you said you wanted things like before

I've been waiting for this for eternity
Now the thought of you and me is a reality
I'm so glad to hear that you wanna see this through
But I'm sorry boo
'Cause I've fallen out of love with you
Too little, too late

To tell the truth, there ain't nothing you can do
To take it back and make me change my mind
They say that time has a way of fixing things
And it sure cleaned up the mess you've left behind
I'm ok, it's ok to leave well enough alone and move on
I know it seems a little strange but

I've been waiting for this for eternity
Now the thought of you and me is a reality
I should be glad to hear that you wanna see this through
But I'm sorry boo
'Cause I've fallen out of love

Ain't tryna lie and say my heart wasn't busted
That better off was lonely and it led me to nothing, so I
Here I am, here we are
Baby, I ain't even mad anymore
And I wish you well, now goodbye

I've been waiting for this for eternity
Now the thought of you and me is a reality
I should be glad to hear that you wanna see this through
But I'm sorry boo

'Cause I've fallen out of love with you

I've been waiting for this for eternity
Now the thought of you and me is a reality
I should be glad to hear that you wanna see this through
But I'm sorry boo
'Cause I've fallen out of love with you

Too little, too late
And out of love
Too little, too late
Out of love
