

Say It to Me Now

The Frames

Scratching at the surface now
Trying hard to work it out
So much is going misunderstood
Some mysteries only lead to doubt

Now I'm looking for a sign
This a dark and easy time
And if you have something to say
Say it to me now

And I'm not trying to pass the book
Just trying to get a better look
Now I'm wondering how it feels for you
And I got the shoe is on the other foot

Now I didn't understand it
You reached down to take my hand
If you have something yo say
Then say it now

'Cause this is what you've waited for
A chance to even up the score
And as these shadows fall
On me now
I will somehow
Yeah

'Cause I'm clearing up this wreckage, love,
And there's more than you've ever seen before
So if you have something to say
Say it to me now

And I didn't understand
And you reached down to take my hands
And if you have something to say
You better say it now

'Cause this is what you've waited for
A chance to even up the score
And as these shadows fall

On me now
I will somehow
Yeah

'Cause I'm picking up a message, love,
And I'm closer than I've ever been before
So if you have something to say
Say it to me now

Say it to me now
