

Reconstruct

Sideways

Cast aside, fallen by the way yeah
These two fools are not the answer
They're enemies and they dance alone
The memories of a clan to strong to face
Today There's a time and a place
There's a time and a place
There's a time and a place
It's time, to watch it burn. I can't believe, that it starts again
The words that I pen
The words that I pen
To get that feeling back again
It's so slow, but it feels ok
It's so slow, but it feels ok Function the right way, to show them it's your way
Of breaking a fallen ideal Rebuild their fallen ways
Refine a feast of strange
Just when light fades it wakes the grey today Formed in places of unknown
These thoughts are bleeding through my head
We strive to reach a higher ground
We'll burn our past and watch it drown
It's so slow, but it feels ok
It's so slow, but it feels ok Rebuild their fallen ways
Refine a feast of strange
Just when light fades it wakes the grey today Show them it's your way of breaking down
Rebuild their fallen ways
Refine a feast of strange
Just when light fades it wakes the greater day
Another destiny has called
Reaching through the rites of others
Facing former faces far beyond
I will resonate, nothings there to stay
When they break you down and take your pride away
