

# Texas

**Eric Johnson**

Well I just got back from texas baby  
Little Girl! You didn't even know I was gone  
Well I just got back from texas baby  
You didn't even know I was gone  
When you saw me on the street now baby  
Yea you treated me just like a ringling brothers clown  
You told your dog to bite me baby  
If I stepped in your back yard!  
Well! You told your dog to bite me baby  
If I, If I stepped in your back yard (Yeah, Yeah)  
You know if your dog bites me now baby, (Woo)  
little girl im gonna have to use my rod  
Ohh but I dont wanna do it baby! (Ohh no!)  
Well I just got back from texas baby  
You didn't, you didn't even know I was gone  
No! You know I just got back from texas Baby  
You wouldn't even call my name  
When I got to my front door baby  
Ohh lord I know things are not the sameOhhh No!
