

Burn The House

Scooter

Burn the house, there's a party in the place
Rock the beat, move on up and feel the bass
Big M.C.'s gonna rock the microphone
And our beat will show you, show you how to move So rock the house and come on over
Big M.C.'s gonna rock the microphone
And our beat will show you
Show you how to move, burn the house Burn the house
Burn the house Serious rhythms
Serious rhythms Rhythms
Serious rhythms Burn the house, there's a party in the place
Rock the beat, move on up and feel the bass
Big M.C.'s gonna rock the microphone
And our beat will show you, show you how to move So rock the house and come on over
So rock the house and come on over
So rock the house and come on over
So rock the house and come on over Burn the house
Burn the house Serious rhythms
Serious rhythms Rhythms
Serious rhythms
Serious rhythms Burn the house, there's a party in the place
Rock the beat, move on up and feel the bass
Big M.C.'s gonna rock the microphone
And our beat will show you, show you how to move So rock the house and come on over
Big M.C.'s gonna rock the microphone
And our beat will show you
Show you how to move, burn the house Burn the house
Burn the house
