

Silent Shadows (feat. Smiler)

Don Diablo

The silence of the shadow Step into the light
Step into the light
Step into the light, light...
[x3] When we step into the light
Embraced by the silence of the shadow
(?) become one
Together in the silence of the shadow
We're all creatures of the night
Hiding in the silence of the shadow
Raise your hearts into the sky
Step into the silence of the shadow The silence of the shadow Step into the light
Step into the light
Step into the light, light...
[x2] The silence of the shadow
