

# Crawl Inside

## Evans Blue

We fight for the hell of it  
We flee to feel alive  
We love to get the hate from it  
We feed troubled minds  
Bridge:  
We will divide  
We will remind you  
We will survive  
We live inside you.  
Chorus:  
We crawl inside  
we fade away,  
We blame, we hate,  
We live inside you. We paralyze,  
we take away,  
We hate, we break,  
We criticize you.  
We crawl inside we take away. We captivate the furious  
Deception our demise  
We decorate the fear in us  
With power to fuel the fires  
Bridge  
Chorus (x2)
