

Squash That Fly

Fu Manchu

Well God damn this plan has gone awry
Like to see you try, like to see you try
So now its time to squash that fly
No reason why, no reason why
All this, high kicks, take steps alone
Beats good action, beats good action
3D beats me I didn't know
Don't wanna live alone, Don't wanna live alone Don't you know?
My hands
Are the sands that has blown
Don't you know?
My hands are the sands
