Abandoned Pools

Welcome to the world
My little virgin baby doll
Can you save me?I set you off
With the tip of my tongue
Spinning
Never coming backI wanna dig for gold
Wear the crown of forever lost soulsI'll be nothing
ForeverJill went up the hill
And gave herself the will
To kill her fearNow she's unstoppable
Indestructible
The incorruptible
Forever lost soulJust a mercy kiss
Born of emptiness
I'm so sick of this
And your fakin'
