## **Heroes of Our Time**

## **DragonForce**

Lost in a dream, finally it seems Emptiness and everlasting madness See the sadness grow, watching as we know Blinded for our journey for the worldCall for us, the power in all of us So far beyond the blackened sky tonight Glorious, forevermore in us We are victorious and so aliveWe'll all find our sacrifice tomorrow And journey on towards a brighter day Silent tears we left behind still so far away Across the endless sands through the fields of our despairDream for all eternity we stand, yeah Rise above the universe tonight StarchaserFly towards the storm, see the world reborn Feel the pain inside the voice the sorrow Cross the distant shores, find the open door Stand alone in judgment for tomorrowYears of pain still haunt us all, we saw the last sunrise Take me home in freedom for a lifetime Praying out for the silence and the last tears we'll cry Still glorious this fire inside, united we standAnd we'll all find our sacrifice tomorrow And journey on towards a brighter day Silent tears we left behind still so far away Across the endless sands through the fields of our despairDream for all eternity we stand, yeah Rise above the universe tonight StarchaserFree from this world, here for the last time Oceans collide inside of us all Believe who we are, the phoenix will guide us Freedom will rise once againSave us tonight, the last hope for all of us Light years gone by, we're still holding on Save us tonight, a star shines in all of us Far beyond our lives, still our glory lives onAnd we'll all find our sacrifice tomorrow And journey on towards a brighter day Silent tears we left behind still so far away Across the endless sands through the fields of our despairDream for all eternity we stand, yeah Rise above the universe tonight Starchaser, starchaserOur kingdom come we stand as one and we will live for always evermore....
