

Can't Stand the Fire

Fritz Kalkbrenner

Don't want to walk on this road
On these roads falling apart
Telling you my own story
From the end, right to the start
Don't want to be there
Don't want to be left burning scars
But I can't stand the fire
Can't stand the fire of your heart

Don't want to walk on this road
On these roads falling apart
Telling you my own story
From the end, right to the start
I Don't want to be there
I Don't want to be left burning scars
But I can't stand the fire
Can't stand the fire of your heart
