

# Heart, We Did All That We Could

[Jean Shepard](#)

Well, there he goes he hardly knows the heart he's breaking  
I talked to him but I don't think he understood  
So just forget about the plans that you were making  
Heart we did all that we could Don't blame these lips these hungry lips were pleading for you  
They used all the tender words that they should  
And if you break and fall apart I couldn't blame you  
Heart we did all that we could These misty eyes these tear filled eyes were picture taken  
Grading all the memories that they could  
They're the only thing you'll have when you're through breakin'  
Heart we did all that we could heart we did all that we could
