Swing

Zero 7

Thought you'd be forever the same
When did you become so easy to change?
Can't like who I won'tNo, that's not true, I do know
Just can't figure out how to pin downThere will be no unguarded kisses
Let go of my hand when they're around
They say I'm unsoundBut what do they know?
They can't figure out how to get down, downSoon enough I won't care
Stay in my arms if you dare
You can't romanticizeThey are crazy, will only let you down
Try to figure out how to keep you down
They're all alone, I will keep you downDown, down
Down, down
Down, down
