

# Who Do You Love

## Mojave 3

Would you like who you were  
if you met them someplace  
Would you recognise the lines  
on a strangers face  
oh would you know yourself  
as good as i know you

yeah... who dya love

Would you write me a song  
if i had your faith  
Would you give me the money  
if i had your SMILE  
Can you trust yourself  
when you don't trust nobody else

yeah... who dya love

Would you laugh if i told you  
i don't need nobody else  
would you luahg if i told you  
i don't want nobody else  
yeah would you like yourself  
if you knew what you had

yeah.. who dya love
