

Josephina

Big Head Todd And The Monsters

Josephina I'm trapped and I can't find an open door
I won't go back to that job to die on the killing floor
The disappearing light of freedom
It won't leave my worried mind alone
Josephina, got it in my bones
I've got to roam
Seven times she asked me to settle down
Making everyone happy nearly put me into the ground
Working the graveyard shift by the river
The captain was so mean to me
Josephina got it in my knees
Disappear anywhere with me
They just keep pushing me right over that line
Back to my baby as I'm making good time
To Indiana where my sweet freedom shines
Sunshine
On this cold heart of mine
On this cold heart of mine
On this cold heart of mine Josephina why can't you take what your good life brings
Fall for me again and I won't quit you this time
Time ain't on our side
But our evil days have long been left behind
Josephina my mind churns
Never to return
They just keep pushing me right over that line
Back to my baby and I'm making good time
To California where my sweet freedom shines,
Sunshine!
They just keep pushing me right over that line
Back to my baby and I'm making good time
To Indonesia where my sweet freedom shines
Sunshine
On this cold heart of mine
On this cold heart of mine!
On this cold heart of mine Josephina I'm trapped
Josephina I'm trapped
Josephina I can't find an open door.
