Somebody To Love

Valerie June

Well, if you're tired
and feelin' so lonely
you wake up at night
thinking that only
if you had somebody
I'll be somebody
Somebody to loveDid they tell you, there are
plenty of fish in the sea
but you're drowning and cold
and you're feelin' emptyLooking for somebody
I'll be somebody
Somebody to loveI'll be somebody x3
If you need somebody
I'll be somebody x2
If you need somebody
I'll be somebody x3If you need somebody
Somebody to loveAre you watching the moon risin'
in the darkest of nightBattered and broken
'Cause you know it ain't right'Cause you ain't got nobody
You ain't got nobody
you ain't got nobodyAnd I'll be somebody
I'll be somebody
Somebody to LoveI'll be somebody
If you need somebody
I'll be somebody x 3
if you need somebody
I'll be somebody x3
You can call on me
I'll be somebody x3
You can count on me
I'll be somebody x2
Somebody to love
