

Me And The Boys

Slade

My best friend, Bud, you know he's the king
He makes me do some stupid things
When he's around, oh, anything goes
Jose's gonna be there tonight
He'll even get me in a fight
Or up on the bar singing in Espanol

Yeah, tonight, it's just me and the boys
I'll be kicking back with Jim and Jack
And Johnny Walker Red and Black
They never seem to let me down
They're always good for one more round
Tonight, it's just me and the boys

George Dickel, he's a good ole boy
But he's the reason I'm unemployed
When I hang with him, oh, I always punch in late
Now, Captain Morgan, he's an ornery guy
He ran off with my second wife
God bless that man, I thank him every day

Tonight, it's just me and the boys
I'll be kicking back with Jim and Jack
And Johnny Walker Red and Black
They never seem to let me down
They're always good for one more round
Tonight, it's just me and the boys

Tonight, it's just me and the boys
I'll be kicking back with Jim and Jack
And Johnny Walker Red and Black
They never seem to let me down
They're always good for one more round
Tonight, it's just me and the boys

Tonight, it's just me and
Tonight, it's just me and the
Tonight, it's just me and the boys
