

Her Man

Waylon Jennings

Im gonna change my ways of doing things around here
Im turning over a new leaf gonna get myself in gear
Cause Ive got a woman whos better than most
And Ive made a mess of her plans
So startin today all Im gonna be is her man Ive been a wild catter and a go go getter
Been an SOB right down to the letter
Ive had misadventures I even got pictures
Of even more than I can stand
So startin today all I wanna be is her man Im gonna give it all back cause all Ive done is take
Ive put her on the back burner while I was out on the make
But Ive got a woman whos good enough to give me
A second chance again
So starting today all Im gonna be is her man Ive been a wild catter and a go go getter [unverified]
Been an SOB right down to the letter
Ive had misadventures I even got pictures
Of even more than I can stand
So startin today all I wanna be is her man Im a little bit late but Im wise enough
Im taking her by the hand
Startin today all I wanna be is her man
