Long Goodbye

Basia Bulat

Tell me again how you love me
Even the days when you doubted
How many times can I run to defy it
Into the arms of your, your goodbye
Your long goodbye
When I'm in love
Nobody else for me to blame
Take me down
Leave me no, no escape
No, no escape
When I fall or when I lie
Into the arms of your, your goodbye
Your long goodbye
And when I hear your farewell in my mind
Play it again and again then rewind
How many times can I try to deny it
You have a way to forget
And so do I, now so do I
The way you love
Even your enemy has a price
Take me down
While you're young
And so am I, now so am I
When I run
I'm running blind
Into the arms of your, your goodbye
Now say goodbye
Into your arms or in your head
It makes no difference
When I don't know what I had
Or what you wanted
We could have faced the darkness
Over and over again
Get out of bed and get dressed
Have I been waiting my whole life
For this
When I'm in love
Nobody else for me to blame
Take me down

Leave me no, no escape
Now, no escape
When I run
I'm running blind
Into the arms of your, your goodbye
Your long goodbye
When I'm in love
Oh, I'm in love
When I fall or when I lie
Into the arms of your, your goodbye
Your long goodbye
