

Live on Stage

Deep Rooted

Talib Kweli]

Brooklyn stand up, L.A. stand up
Matter fact, the whole planet rock with us now!

[Hook]

{*"Dazzlin - Dilated displayin' a new sound"*

[All] We all live on stage!

{*"Run up in your venue like what what what!"*

[Iris] Check it out y'all! [Evid] Check it out

{*"Live on stage!"*

[Iriscience]

Aiyyo, basic mathematics - add shit, subtract shit

Multiply, divide, break down shit to fractions

Equality - Not greater than or less than

Los Angeles, Brooklyn, connect to Manhattan

Expansion Team - Movin' through lights, cameras and action

Thoughts to ideas, designs to manufacturin'

??? to we blaze and make it happen

On stage I quote the bible then blast like Sam Jackson

{*"I jump on stage and change forms"

Rock it, don't bug out, kid, my team scores

A lot of emcees out there with phony lives

They master the studio but never master the ceremon'

Check it live

[Hook]

{*"Dazzlin - Dilated displayin' a new sound"*

[All] We all live on stage!

{*"Run up in your venue like what what what!"*

[Iris] Check it out y'all! [Evid] Check it out

[Iris] You're now rockin' with the world's best

[All] We all live on stage!

[Iris] And we do it for you

[Evid] We do it for you

[Talib] We do it for you

{*"Live on stage!"*

[Evidence]

You know we - break barriers, redefine the coast

Classic hits like Ice Cube's "AmeriKKKa's Most"

Dilated - extra extra, read the front page

Catch us live on stage - like Roxanne Shante

Straight out the cage - learn ya lesson

Yo, studio sessions are not shows

Learn ya lesson - in shows and studios

This here breath controls all I got to lose

But the architects respect it - live in House of Blues

Flow for my peeps - that's true

You know we take it live on stage

And new levels for you

Thirty bucks a ticket?

No, that's breads and breaks

So I'ma stay sharp and separate the real from fakes

You know..

[Hook]

{*"Dazzlin - Dilated displayin' a new sound"*

[All] We all live on stage!

{*"Run up in your venue like what what what!"*

{*"Run up in your venue like what what what!"*

{*"Li-li-li-live on stage" {*"Talib Kweli"*

[Talib Kweli]

I got the crowd in the palm of my hands

It go like the dominant strands
Squeeze as hard as I can
Stormin' like that beach in Normandy
So just droppin' the sand
The way I'm rockin' the fans
Like when you take a homeless man and you promise him land
Understand I rock for Dilated
The longer you wait, longer you get violated
If words was notes, I say it the way Miles play it
I know my styles hated - you can't get nowhere near it
Instead of investin' in hate, you should invest in merit
Look at yourself, you monstrosity of hypocrisy
Tryin' to be the king of media, you the king of mediocrity
Chop your flow, disposable, like heroes of the prophecy
I got the evidence that me and Rock know how to flow properly
C'mon man!
