

I'm Good, I'm Gone (Black Kids remix)

[Lykke Li](#)

Steppin', stormin'
I'm all gone
Give me a tone and I'm all gone
Yeah, I'm walkin' by the line
I hear that in my mind I'm workin' a sweat
But it's all good
I'm breakin' my back
But it's all good
'cause I know I'll get it back
Yeah, I know your hands will clap Yeah, I'm workin'
Yeah, I'm workin'
To make butter for my piece of bun And if you say I'm not OK
Then that's the goal
If you say there ain't no way that I could know
If you say I aim too high from down below
Well, say it know 'cause when I'm gone...
You'll be callin' but I won't be at the phone And you're hanging around 'til it's all done
You can't keep me back once I've had some
Wasting time to get it right
And you will see what I'm about Yeah, I'm workin' a sweat
But it's all good
I'm breakin' my back
But it's all good
'cause I know I'll get it back
Yeah, I know your hands will clap And if you say I'm not OK
Then that's the goal
If you say there ain't no way that I could know
If you say I aim too high from down below
Well, say it know 'cause when I'm gone You'll be callin' but I won't be at the phone
