I Love to Sing

Fred Ellis

(Choirs)
I love to sing,
I love to dance,
when ever I hear music all around.
I clap my hands,
I stamp my feet,
when there is music,
I canâ€™t stay in my seat!

(Verse)
There are a lot of special things
that I love to do,
such as playing games
and reading comic books.
But I just have a happy feeling
and my heart just starts to beating
when I hear a very special song to sing.

2X (Choirs)

(Verse)
When ever people start to asking
why my feet are tapping
I just give a smile and a very little wink.
I let them hear my happy music,
and the way it keeps me moving
then I tell them what I always love to do.
