

Best Fake Friends

Fangclub

I tripped and fell
Under your spell
Heaven or hell
I want this You were my
Best
Fake
Friend You were my
Best
Fake
Friend
You were my
We breed fake blood
This understood
For you
I'm dumb
I feel so numb You were my
Best
Fake
Friend You were my
Best
Fake
Friend
You were my (You were my, you were my, you were my)
You were my
Best
Fake
Friend You were my
Best
Fake
Friend You were my
Best
Fake
Friend You were my
Best
Fake
Friend You were my
Best
Fake
Friend You were my
