

Up My Sleeves

Death Grips

Doors and windows on, motions onSleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves

Up myI take my life like I kept it

Up my sleeves, never sounds like you meant it

Up my sleeves, I take my life like any way I can fetish

That's my fact

Snatch it, only as directed

Snatch it, 'cause I got the queen's tits

Up my sleeves

Snatch it like you're the queen's bitch

Up my sleeves I hold your ground with my perch

Up my sleeves fill my soul, quench my hearse

Up my sleeves

I don't wanna

Cut mine off

I don't wanna

Fuck you back

I'm rolling

Oh, my agony's priceless

I take my life any way you can slice this

Snatch my shame and fetish

Got it in discretion for effect

For effect

Snatch my shame and I connect

Disconnect I'm a

I'm the wretch MayaI've always known

I've always knownIf you can't snatch my fetish, I'll FedEx it

Notify me when you miss it

I'll be on my liquid

Pickled but lavished

If you'll miss it, I'll track it

My fetish like magic

Feel contrived to see you snatch itSnatch my, fetish, I keep it up myI'll ever know

Was like I even wanna know
Was like I didn't want to know
Was like I never didn't know
Was like I never I don't know
If I'm so necessary
Blank blank obituary
At Broadway cemetery
At Broadway cemetery
Was like all I'll ever know
Was like I didn't want to know
Was like I never didn't know
Was like I never I don't know
If I'm so necessary
Blank blank obituary
At Broadway cemeteryTsk tsk tsk
My terracotta army
Disarms me
Disowns me
Also
Also also
Mr. Ripley told me
You play highway hocus
Ain't much more highway can ride me
My dead mother in my dream
Remember when December blew her ashes 'cross my jeans
Off these chains
Some things only I have seen
Some people only I have been
Used to know who I was
Fuck if I knew who that was
Pay no mind illogical
Just don't die in a hospital
Oh yeah
I should be worried
Oh yeah
I'm temporaryDon't know what I do
I'll tell you how I knew
I've always known
I've always knownI was conceived, by my diseaseUp my sleeves
Any how
Any more
Any one
Anything
Any where
Any time

Snatch my fetishSleeves

Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves
Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves
Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves
Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves
Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves
Up my sleeves, up my sleeves, up my sleeves, up my sleeves, up my sleeves

Up my sleeves

Up myNothing you can offer

I ain't hocked

Up my sleeves

Everything's nothing to me, I'm knocked

Up my sleeves

I abstain from being and succumb

Up my sleeves

Don't feel none, I flog the remedy

Up my sleeves

Alchemy for your bodily

Up my sleeves

Nonsensically

Up my sleeves

Got a Pendleton on my valley

Up my sleevesI came to free your bodily up my sleeves
