

Darkness (Mark Dynamix & Jaytech's Deep Glow Mix)

Darren Hayes

Been spending so much time underground
I guess my eyes adjusted
To the lack of light
I got
Covered in darkness
Covered in darkness I have been waiting
Always waiting for something new
Happiness has always ended
In the blink of an eye
There was no one attending
No one attending It doesn't really matter where it all began
All I know
I got covered in darkness
Covered in darkness
Ever wonder why I never really truly connect
Although my eyes are open
I can hold your gaze
But I am never connected
Never connected I am famous for my generosity
They say I am the kindest
But it is easier to
Give than receive love
Give than receive love It doesn't really matter where it all began
All I know
I was covered in darkness
Covered in darkness Turning pages over
Run away to nowhere
And it's hard to take control
When your enemy's old and afraid of you
You'll discover that the monster you were running from
Is the monster in you Better to hold on to love
Better to hold on to love
Change will come It doesn't really matter where it all began
All I know
I was covered in darkness
Covered in darkness It doesn't really matter where it all began
'cause all I know
I was lost
I was lost

No, no It doesn't really matter where it all began no no

All I know

I was lost

I feel lost

Lost

No
