

One Minute

Uriah Heep

I left my home on the way to the prayer
One last shot at the great out there
Gave it a chance on a railroad cart
Take my dream to a land so far Miracles happen in a city of fear
I can say goodbye to my innocence here
Think what I like, gotta see it through
One minute you're down, then your dream comes true Standing on the corner, written in the snow
Did I make the right decision? Not sure it's way to go
I'm lookin' for connection, a friendly face to say
You gotta give it one minute, one hour, one more day All the while I'm learning each day a lil' more
My confidence will help me to every open door
I made the right connection and now I'm here to stay
You gotta give it one minute, one hour, one more day
You gotta give it one minute, one hour, one more day I gotta hold on to whatever I can,
I'm not alone in this foreign land
All evil, all good, that's what they say
Good things come to those who wait
Good things come to those who wait Standing on the corner, written in the snow
Did I make the right decision? Not sure it's way to go
I'm lookin' for connection, a friendly face to say
You gotta give it one minute, one hour, one more day All the while I'm learning each day a lil' more
My confidence will help to every open door
I made the right connection and now I'm here to stay
You gotta give it one minute, one hour, one more day
You gotta give it one minute, one hour, one more day
