Love Labours On

Billy Idol

Back through time, I know You're calling me For a savior, I know It's my destiny So I'm gonna rise

Face the morning sunFeel it calling me

Wanting me

Believes in meLove labours on Love labours onBack through time, I know

I'm a wanted man

Oh momma, I know

Gave me grace, not to lose

So I'm gonna get up, cleansed

Face the morning rainI feel it touching me

Healing me

Believes in meLove labours on

Love labours on Feel it wanting me

Knowing me

Believe, yeahLove labours on

Love labours onOoh, ooh, are you wanting?

I know 'cause you're calling me, yeah

Are you needing

Yeah, 'cause you need from meWanting me

Reaching me

Wanting me

Knowing me

Believes in meLove labours on

Love labours on

Love labours on

Love labours on Labours on

Love labours on

Love labours on
