Take the World By Storm

Lukas Graham

I've always dreamt of travel
Why should we die where we were born? (born)
Some roads are laid with gravel
Sometimes you gotta build your own (own)I wanna tear down boundaries
I wanna greet my enemies
I wanna see what I haven't seen
'Cause I know there's moreI take the world by storm (storm x3)
I take the world by storm (storm x3)I don't have any answers
The more I know the more I grow (grow)
I don't know where I'm going
But I'mma search 'cause I see hope (hope)I wanna tear down boundaries
I wanna greet my enemies
I wanna see what I haven't seen
'Cause I know there's moreI take the world by storm (storm x3)
I take the world by storm (storm x3)There's got to be more than this
Gotta figure out how to jump the wall
I wanna live and learn
Don't matter if I land or if I fall
I know when I return
At least I know I'll be walking tall
I'm not afraid'Cause I take the world by storm (storm x3)
I take the world by storm (storm x3)
